

**F-108** is equipped with a computer, projector, retractable video screen, A/V control system with sound and an LCD display with cable programming.

- The computer is located on top of the instructor workstation.
- If the PC screen is blank, move the mouse to wake it up. If it does not respond, press the power button located on the back side of the screen.
- Log in by typing fcc\ followed by your network name and password.
- REMEMBER TO LOG OUT WHEN YOU ARE FINISHED.

The A/V controller for projector power, volume, and input source is located on the wall behind the instructor console.

The powered screen control is located to the left of the A/V control.

If you wish to connect other devices to project to the projection surface, use the cable on top of the workstation and press the corresponding button on the A/V controller.

The **Apple TV** and **Blu-Ray player** are located in the rack of the instructor console. Remote controls for each device have been provided.

The LCD monitor can be controlled by its remote or buttons located on the lower right side of the screen.

If you require any software or hardware that is not currently installed in this classroom, please contact your Office Manager.
