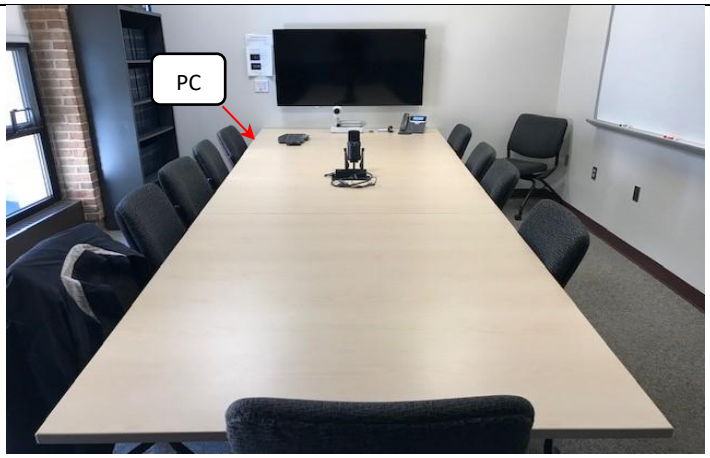
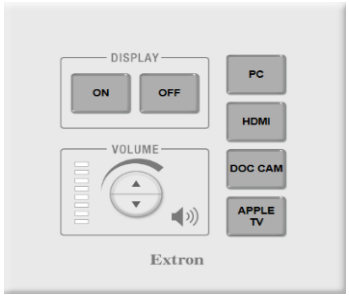
C-212 is equipped with a computer, flat panel LED wall display, document camera, microphone and audio/video control system that can be used for web conferencing.

The **PC** is located **under the table below the wall display** on the side closest to the window. The keyboard and mouse are on the table and are wireless.

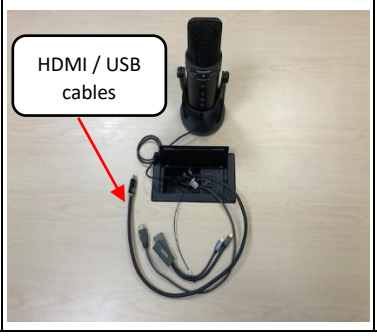
- The **PC power button** is located on the front of the computer.
- Log in by typing by typing your network name and password.
- **REMEMBER TO LOG OUT WHEN YOU ARE FINISHED.**

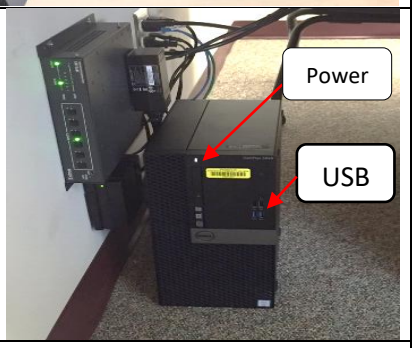


The controls for the wall display power, volume, and input sources are located on the wall to the left of the display. Additional **USB ports** can be found on the front of the PC and a **USB cable** in the center of the table. Detailed instructions for using the document camera and microphone for web conferencing can be found on a separate instruction sheet.



If you wish to connect other devices to appear on the wall display, use the **HDMI** cable located in the center of the table and then press the corresponding button on the A/V wall control. Adapters for most model laptops are also attached to the HDMI cable.





If you require any software or hardware that is not installed in this classroom, please contact your Office Manager.

For immediate technical assistance, please call the IT Service Desk at x**2509** from the phone in the room, any campus hallway phone or by calling **301.846.2509.**

For any non-urgent issues or requests, please submit a ticket using the desktop icon or **https://servicedesk.frederick.edu** using your FCC username and password.
