

L214 is equipped with a display, and A/V system with sound.
The whiteboard to the side can be written on using dry erase markers.

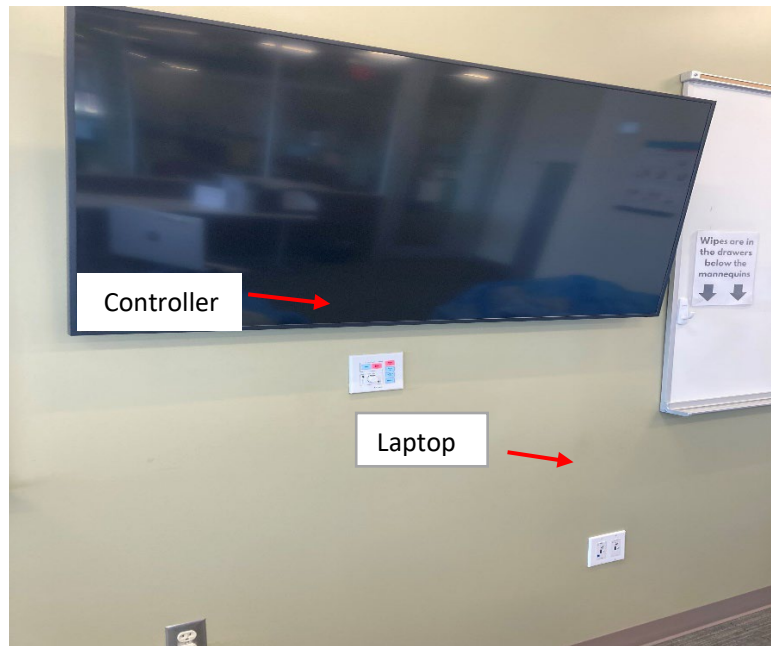

- The display screen is blank, press the on button to turn on.
- Press the HDMI2 or Apple TV for the appropriate connection device.

The controls for the **projector power, volume** and **input source** are located on the wall to the left of the wall mounted instructor station.

If you wish to connect other devices to the projector, use the **HDMI** cable at the station and press the **HDMI** button on the controller. Adapters for most model laptops are attached to the HDMI cable.

Please see the for front desk for the HDMI cable for your laptop. Plug the HDMI cable into Input2 wall plug for your laptop. Select HDMI2 on the controller. The wall plate will turn green when connected to your laptop and the display will show your laptop display.

If you require any software or hardware that is not installed in this classroom, please contact your office manager.
