GENERAL:

Exercise Science primes students to work in the health/fitness industry as personal trainers, strength and conditioning coaches, fitness instructors and wellness program directors. Students wishing to pursue careers in allied health fields may elect to complete additional courses in preparation for graduate education in exercise science or other pre-professional health-related disciplines such as physical therapy, physician assistants, occupational therapy and medicine.

FCC NOTES:

Students can transfer up to 70 credits to Salisbury University with a completed Associates Degree
PBHL 170 and PBHL 240 contribute to the Public Health Minor at SU.

SALISBURY NOTES:
