FAQs

Who is eligible to take ILR Classes?

ILR 55+ classes (ILR, LIR, SEN) are geared towards the 55 and over crowd, however, anyone 16+ is welcome to join us for a fabulous learning experience through both the ILR 55+ and the FCC Lifelong Learning courses (ACR, HEA, HOM, REC, FOR, PHO).

Can ILR benefit me?

Research shows continued learning strengthens the brain, improves memory and increases quality of life. ILR 55+ offers fun, intelligent ways to keep mind and body vitally engaged within a professional educational environment.

What kinds of classes does ILR offer?

Our casual classes are designed with you in mind. Explore courses and learning on location programs in a range of subjects.

How do ILR classes differ from other college courses?

Our classes are designed by and for adults. There are no tests or grades given and no experience or specific education is required for participation. There is plenty of opportunity for discussion and humor in this shared learning environment.

Who teaches ILR classes?

ILR programs are taught by passionate experts with a lifetime experience as well as a specific talent for facilitating the learning process among adults.

How can I learn more about becoming an ILR instructor?

We are always welcoming new instructors from a range of subject areas. If you or someone you know is interested, please contact the Community Education Program Manager, Kelli Ackiewicz, at 301.624.2732 or go to FCCILR.org and submit an ILR Course Proposal Form.

How can I request a printed copy of upcoming ILR courses?

Course schedules are available at the FCC Welcome Center and in brochure racks at the FCC Conference Center. To receive a schedule by mail, please complete our online Schedule Request Form, or contact our ILR staff and we will add you to the course schedule mailing list.

Structured Remote Courses (SR)

Structured Remote Courses meet as real-time online sessions during the scheduled class time. These courses are offered in an online format only. Students must be able to access the course from a computer/tablet using a link that will be emailed at least one business day prior to the course start. FCC will not be able to provide individual technical support to students during the class sessions. Should you experience difficulties and not be able to access the course, please contact the program office. Only students who have paid the course fee and are officially on the class roster may join the online class session.

In-Person Courses

In-Person Courses meet face-to-face and are taught at designated locations during scheduled times. As of May 21, 2022, face masks are optional while on campus or attending an in-person class for FCC students and staff. Masks should still be worn by people with symptoms of Covid-19, a positive Covid-19 test, or exposure to someone with Covid-19.

Evening Classes

LIR255 How to Listen to Jazz

6 sessions, 9 hours | **55+**

Join saxophonist, flutist, drummer, and educator Howard Burns as he guides you through an exciting in-person course focusing on how to approach listening to jazz. He'll walk you through the role of the rhythm section, the approaches songwriters and improvisers use when they write and perform melodies, and he'll show you how the different parts of bands all interact together. Finally, you'll put your listening skills to work in the final day of class, when Howard will be joined by fellow jazz artists to give you an educational performance in action.

Note: Course will meet on campus in an in-person environment.

Instructor: Howard Burns

5-Digit Number: 25628 | Mon, 10:00 - 11:30 a.m., 7/31 - 9/11

No Class: 9/4 | Location: TBA

Tuition: \$20 | Fee: \$79 | Total: \$99 | *MD residents age 60+ pay fee only*

LIR269 Good Music ... Lost in the Noise

3 sessions, 6 hours | **55+**

A lot of modern music is enhanced with electronics and special effects. Exceptional music is often "lost in the noise." Video sharing, like YouTube, and social media platforms have provided musicians with opportunities to showcase talent when they might have otherwise been ignored. Listen to and discuss extraordinary musical talent that is just a click away. This course is designed by an enthusiast as a way to expose participants to various genres such as acapella groups, classical talent, and jazz. Music history and theory will not be the focus. Class discussions and the sharing of insights will be encouraged.

Note: Course will meet on campus in an in-person environment.

Instructor: Robert Rubock

5-Digit Number: 25753 | Tue, 10:00 a.m. - 12:00 p.m., 8/15 - 8/29

Location: Conference Center/E138 | Fee: \$72

LIR254 Evolution of the Symphony

6 sessions, 9 hours | **55+**

The symphony, one of the most important genres of orchestral music, has endured and evolved from its first appearance in the early 1700's. Throughout the classical, romantic, and post-romantic eras, composers have explored and exploited the symphonic form to create some of history's most beautiful music. In this course we will listen to and talk about symphonies by several composers including Haydn, Mozart, Beethoven, Mahler, and Shostakovich.

Note: Course will meet on campus in an in-person environment.

Instructor: David Howard

5-Digit Number: 25672 | Mon, 11:00 a.m. - 12:30 p.m., 10/9 - 11/13

Location: TBA

Tuition: \$18 | Fee: \$74 | Total: \$92 | *MD residents age 60+ pay fee only*

ILR966 The Music of the Frederick Symphony Orchestra

1 session, 1.5 hours | **55+**

Examine the music of an upcoming Frederick Symphony Orchestra concert through a lecture presentation, recorded music, and live demonstrations. Learn about the composer(s) and take time to ask questions and engage in a conversation about the music. Then if you choose, attend the actual FSO concert. Tickets can be purchased directly through the FSO. Please check our webpage for the exact concert dates and themes as they were not yet available when registration opened.

Note: Course will meet on campus in an in-person environment.

Instructor: David Howard

ACR181 Drawing and Painting: A Mixed Media Survey Course

5 sessions, 10 hours | **16+** |

This class will take you on a survey journey into an exploration of different art media, introducing you to pencil, watercolor, acrylic, collage, and pastel. Some of the projects may include mixed media techniques, such as combining watercolor, crayon and paper collage, while others will focus on just one media, such as acrylic painting. The projects are inspired by a wide range of artists such as Claude Monet, Gustave Klimt, and Paul Klee. These assignments can be used as jumping off points for your own inspiration, using your own photos, book illustrations, or magazine photos to create your own composition. Or you can use the art demonstrations as a guide to help you feel more comfortable with the specific media. This is a class for those who want to study a variety of subjects, such as landscapes, and still life. This course is a skills-based course meant for beginners and those with some skills. Whether or not you complete an entire project during the class will depend on your level of skill. A supply list will be provided to the students at least one week prior to the start of the course. Supplies costs may vary but could average \$100/student.

Note: Course will meet on campus in an in-person environment.

Middle Eastern Studies

ILR378 Palestine and Israel, Twice-Promised Land: An Exploration Through Film

5 sessions, 12.5 hours | **55+**

This course provides a rare opportunity to examine one of the most important and contentious issues of our time.

For more than seven decades, the Palestine-Israel conflict, the “most fundamental fault line in the Middle East,” has stood at the epicenter of political debate in the region and beyond. The 2020 “deal of the century” notwithstanding, peace continues to elude the Holy Land. The persistent failure to resolve the competing visions held by the inhabitants of a land that is sacred to three great religious traditions is a tragedy of the modern age, not only for Arabs and Jews, but also for international stability. This conflict has become a lightning rod, a measure by which the efficacy of public policy and respect for international law are measured and evaluated.

This course will explore the historic roots of this intractable issue, untangle the deeply held convictions of protagonists on both sides, examine popular misconceptions, analyze the effects of policies that impact the inhabitants of the Holy Land, and consider the role of the United States in the Middle East as it relates to this conflict, including the influence of Christian Zionism in American foreign policy.

ILR738 Focus on Arabia: The Gulf Cooperation Council

5 sessions, 10 hours | **55+**

The Gulf Cooperation Council (GCC) is a subregional organization consisting of the six petroleum-rich Arab monarchies of the Middle East: Saudi Arabia, Kuwait, Qatar, Bahrain, the United Arab Emirates (UAE), and Oman. Located along the most important geopolitical axis in the world and blessed with extensive hydrocarbon resources, the countries of the GCC are critical to the global economy.

Their dramatic transformation to modernity in less than three generations is unparalleled in modern history. While the economies of these traditional societies have soared, so, too, have the challenges that accompany staggering affluence, rapid globalization, and increased international scrutiny.

Among topics discussed will be the role of the Kingdom of Saudi Arabia vis-à-vis its neighbors, including its costly and prolonged entanglement in Yemen, its unique relationship with the UAE, and its rapprochement with Qatar. Of special interest is the diminution of the role of the United States vis-à-vis the countries of the GCC as growing Chinese and Russian influence continue to challenge historic assumptions between America and its major partners in the region.

LIR258 The History of Frederick County through Transportation

4 sessions, 8 hours | **55+**

Frederick County has been called the crossroads of history. Many people came through the area on their way elsewhere. The development of the county was greatly influenced by the roads that carried these people to other parts of the country. New transportation technology and its greater infrastructure, such as the B&O Railroad, impacted Frederick along with the growth of the trolley system and the building of the C&O Canal. We will study the history of Frederick County through the various modes of transportation, their growth, and at times, their decline.

Note: Course will meet on campus in an in-person environment.

LIR268 Wars that Defined History: World War I

8 sessions, 12 hours | **55+**

World War I, the Great War, the War to End All Wars, was the defining event of the 20th Century. It ended the 19th Century and launched the world into the modern era. Though greater conflicts were still to come in the 20th Century, the First World War set the stage for the world as it is today. By its end the globe had been redrawn, empires had fallen, and war on a terrifying industrial scale, had been unleashed. Look into the world that was, how the Great War ended that world, and how nearly everything we know today comes out of the bloody fighting of 1914-1918 and its immediate aftermath.

ILR812 World History: The Big Picture

6 sessions, 9 hours | **55+**

Any other history you may have studied will make more sense when you understand the fundamental overarching concepts that become clear with a “big picture” perspective. Based on the book, *This Fleeting World - A Short History of Humanity* by David Christian, this discussion-oriented course offers a global view of human history in one sweeping 250 thousand year panorama. Topics include: the engine that drives human history, how the adoption of agriculture led to the modern world, global differences in change and advancement, the rise and fall pattern of states, and the path of knowledge from the ancient to the modern world. This unique approach to history provides a context and framework into which all other studies of history fit.

NEW LIR265 Riding with Mosby: The Adventures of the Gray Ghost

1 session, 9.75 hours | **55+**

"Mosby!" No word injected more fear in a Yankee soldier. The Confederate guerrilla chieftain could strike anywhere at any time; and no matter the number of Federals chasing him, he always escaped. Mosby electrified Southern morale and demoralized Union forces operating in Northern Virginia and the Shenandoah Valley. We'll visit sites of the Gray Ghost's most famous exploits and explore portions of "horse country" in Loudoun and Fauquier counties with the glory of fall colors as our backdrop. This tour involves light walking up to a mile and standing throughout the day. Lunch is included and will be at the historic and quaint Hunter's Head Tavern.

Note: Transportation will be provided by the FCC Shuttle Bus. All bus trips depart from FCC. An email will be sent with trip details one week prior to the course date.

PHILOSOPHY, RELIGION & EXPLORATION

LIR219 Introduction to Biblical Literature

8 sessions, 12 hours | **55+** |  | 

This course introduces students to the scholarly study of Biblical texts as a way of exploring their enduring significance. We are separated from the Bible by language, time, culture, and by our own assumptions about what the Bible says. We will use various scholarly approaches to read the biblical texts in a way that honors their unique, original meaning. We will ask the following of selected passages: What does the text say in its literary context? What did the text mean in its context? Why is the text important to us today as we reflect upon the Bible's continuing theological relevance?

PHILOSOPHY, RELIGION & EXPLORATION

LIR261 Understanding Spiritual Experiences and Phenomena

4 sessions, 6 hours | **55+**

Spiritual experiences are not well understood or discussed. Experiencers often fear being misunderstood or judged. Richard Bucke coined the term cosmic consciousness in the late 1800s and another early researcher, JB Rhine, set up an institute and coined the term extrasensory perception. Today, research is more common. Raymond Moody published his study of near-death experiences in his 1970s book *Life After Life*. In recent years, several organizations have been set up to study and understand these and other spiritual phenomena. This course will examine some of the enclaves of spiritual experiences including mysticism, angels, Marian apparitions, near death experiences, the paranormal, communication with the dead, and apparitions. The emphasis will be on understanding experiences and finding common characteristics. This is not a class about beliefs or dogma. We will discuss recent research and the various organizations devoted to studying this dimension.

ILR575 Butterflies in the Field1 session, 2 hours | **55+**

Enjoy the magic of butterflies in the field. Summer is a great time to see butterflies in Maryland. With cooperative weather, we may see a dozen or more species including several only seen in the summer season. Expect up close viewing and plan to take plenty of pictures. Please bring your own water and snacks and be prepared for some moderate walking.

Note: Tour location is pending. Students will be required to provide their own transportation. An email will be sent with trip details one week prior to the course date.

ILR575 Butterflies in the Field – Moth Edition1 session, 2 hours | **55+** | 

Did you know that Maryland is home to over 1,500 moth species? Join us for this special nighttime adventure. With the help of a special light setup, we'll attract a variety of moths for close up looks. We'll also have time to talk about unique features of moths, new research, and differences between moths and butterflies. Please bring your own water, a flashlight, and be prepared for some minimal walking.

Note: Tour location is pending. Students will be required to provide their own transportation. An email will be sent with trip details one week prior to the course date.

LIR262 The Role of Engineering in Solving Earth's Big Challenges: Air, Water, Climate and Poverty

4 sessions, 6 hours | **55+**

The Earth faces some big challenges including air pollution in many parts of the world, water availability and quality, as well as sanitation issues, climate change and a growing gap between rich and poor populations. Although none of these challenges are likely to be news to anyone, we will examine them in more detail, quantify them and look at some projections for the future. We will specifically address the role of various engineering disciplines in providing solutions, leading us to the concept and academic programs known as Humanitarian Engineering.

Note: Course will meet on campus in an in-person environment.

ILR968 Discover a Season – Fall Nature Walk

1 session, 2 hours | **55+**

There's nothing like a stroll in Maryland in October. We'll see an array of colors as the leaves change along with our last flowers of the year. Many plants will have gone to seed, so this will be a good opportunity to admire the diverse way seeds are spread. And, we should be able to hear a nice selection of birds, from chickadees to woodpeckers.

Rain Date: Thursday, October 19

Note: Tour location is pending. Students will be required to provide their own transportation. An email will be sent with trip details one week prior to the course date.

ENG240 Amherst Writers and Artists Workshop

8 sessions, 16 hours | **16+**

This workshop follows the Amherst Writers and Artists (AWA) format; each participant is recognized as a writer with a unique voice. The facilitator offers the group writing prompts, participants write for a specific period of time and then share their writing. Group feedback focuses only on what is strong, memorable and working in the piece shared. Participants have the option to choose an alternate topic if the prompt offered does not appeal. The AWA method requires deep listening and the ability to enter the writer's world.

Note: Course will meet on campus in an in-person environment.

ILR969 Advance Care Planning: Your Life, Your Plan

1 session, 2 hours | **55+**

Advance Care Planning is making decisions about the type of care you would like if you are ever unable to speak for yourself. This course provides information and answers questions about how to make a deliberate plan to think about and complete your advance care planning decisions, sharing those decisions with those who will be in the position of making determinations for you, explaining what's important to you and why, and initiating this decision-making conversation with your parents or other family members/friends for whom you may be the one making the determinations. It also introduces the Frederick Health Advance Care Planning Initiative. It always seems too early, until it's too late. Do it for yourself and your family.

Note: Course will meet on campus, in-person.

LIR250 The Spy Trial in Frederick Town

4 sessions, 6 hours | 55+

Examine the life of one of the most notorious traitors in American history: General James Wilkinson. Wilkinson, a Frederick native, rose to the highest levels of the American military, by betraying everyone he worked for, with, or near. Wilkinson betrayed each of the first four presidents of the United States, worked as a spy for Spain, conspired with Aaron Burr to break the country apart, then betrayed Burr to remain in command of the American army. Wilkinson led the army to its greatest peacetime disaster and commanded a failed invasion of Canada during the War of 1812. He was court-martialed in Frederick and won an acquittal through the efforts of Roger Taney.

ILR855 The Human Condition: Why I Do the Things I Do

5 sessions, 6.25 hours | 55+ | 

As human beings, we are social creatures surrounded by others who influence us in multiple ways through our work, play and daily interactions. We will explore how our basic assumptions, beliefs, values, decisions, and the way we perceive ourselves is impacted by others, and how our responses and reactions in turn, influence them.

Note: This Structured Remote Course is offered online and hosted by the Frederick Senior Center. However, there are a limited number of in-person seats available. You must email either the Senior Center or the ILR program office to request an in-person seat. Upon registration, students may be advised that they also need to fill out a form with the Senior Center.

Dr. Karen Gray Memorial

Dr. Karen Gray, 81, died from cancer on January 1, 2023. Karen was born on August 13, 1941, in Big Valley, Alberta, Canada and was raised in Spokane, Washington. She received degrees from Whitworth University, Harvard Divinity School, and the University of Edinburgh in Scotland. She worked at the National Symphony Orchestra and the Smithsonian Institution's Associates Program, developing educational tours. Her relationship with the C&O Canal began when she hiked on the towpath. She then studied the canal's history and engineering and upon retiring she started volunteering for the C&O Canal National Historical Park's headquarters library. Karen also taught lifelong-learning classes at Hagerstown and Frederick community colleges. Her history, literature, and philosophy classes were loved by students and reflected her own continuing intensive study in these areas.

Waiting List

If the class in which you wish to participate is full, additions to the waiting lists can be done online by clicking "Add to Waiting List" when viewing a class.

Important Notes

- Out-of-County students (residing outside of Frederick County) are charged an additional \$5 fee per class. Out-of-State students (residing outside of Maryland) are charged a \$10 fee per class.
- A \$9 one-time-per-year, non-refundable registration fee is due at the time of registration. This fee is only refundable when FCC cancels a class for which the student paid the registration fee and the student has not enrolled in any other classes during the period.
- The Tuition Waiver for Adults age 60+ is exclusive to Maryland residents for select classes.

Class Refund Policy

Class Cancellations Initiated by the College. All students will be refunded 100% of class tuition and fees if a class is cancelled by the College.

Drop/Refund Request within Refund Period

Students who chose to drop a CEWD class will receive a full refund provided that they initiate the drop at least two (2) work days prior to the class start date. Other classes with a different full refund period will be noted in the shopping cart upon check-out. The class refund policy is also provided in the registration confirmation email.

Students have two methods to drop a class:

- Log into <https://frederick.edu/QuickEnroll> and following the directions under How to Drop a Class on the Payments & Refund page. Self-drops are available up to seven (7) days prior to the class start date.
- Email CEInfo@frederick.edu any time prior to the refund deadline. The drop/refund request must be initiated from the email address associated with the student's account.

Refund Request Outside of Refund Period

Students seeking a drop/refund for a class outside the refund period can initiate the request for extenuating circumstances by completing the Drop/Refund Request Form at www.frederick.edu/CEWDRrefund. Students will be asked to provide documentation supporting the student's request. Appropriate documentation may include electronic or hard-copy documents from medical providers, employers, child care providers, or others that can validate extenuating circumstances. The college reserves the right to approve a full, partial, or deny a refund request submitted outside the full period for the class.

Approved Refunds

Where possible refunds will be generated back to the original form of payment. Cash and money order payments will be refunded by check and mailed to the address on file. Please allow 10-14 business days to receive refunds.

Registration Fee

The annual registration fee of \$9 is only refundable when FCC cancels a course.

Age Requirements

Students should be at least 16 years of age to enroll in most continuing education courses, except for those courses specifically designated for younger students. Students under the age of 16 who have completed at least the seventh grade may be permitted to enroll on a case-by-case basis. Students will be considered for such admission if they demonstrate the ability to profit from instruction based on a set of specific criteria. For more information, call the counseling office (301.846.2471). Certain programs or courses of study include higher minimum age for participation when the College has determined that age is a factor necessary to the normal operation of the program or activity. Minimum age is used as a measure of approximation of the level of maturity, judgment, and social independence needed for successful participation in the program or activity in addition to academic skills. [Authority:34 CFR 110.12]

College Policies & Procedures

All students agree to abide by the policies and procedures of FCC, including those concerning drug and alcohol abuse, weapons on campus, student conduct, classroom behavior, discrimination, grievance, and other policies and procedures. Students understand that not abiding by these policies and procedures will subject them to the penalties stated within. See frederick.edu for student policies and procedures and the Student Code of Conduct.

Family Educational Rights & Privacy Act of 1974 (FERPA)

FERPA, commonly known as the Buckley Amendment, was issued by the Department of Health, Education and Welfare in the 1976 Federal Register. The regulations were transferred to the Department of Education when it was established and codified in Part 99 of Title 34 of the Code of Federal Regulations. The purpose of FERPA is to afford certain rights to students concerning their educational records. FERPA applies to all schools that receive funding under most programs administered by the Secretary of Education. Most post-secondary institutions, both public and private, generally receive such funding and must, therefore, comply with FERPA. FERPA applies to all education records maintained by a post-secondary institution, or by any party acting for the institution, which are directly related to the student. These include but are not limited to assessment test scores, academic standing, rosters, class schedule, or any information must contact the Enrollment Center (located on the first floor of Jefferson Hall) in writing with their request. Contact the Welcome Center for additional information.

COVID-19 UPDATE | Please note, course offerings included in this schedule remain subject to change. Frederick Community College continues to closely monitor the impact of COVID-19 on campus. Students will be asked to follow College Covid protocols in place at the time of their class, which may include masking.

For important FCC updates and COVID-19 information, visit frederick.edu/Covid-19

Frederick Community College, ILR Summer/Fall 2023 – The information contained in this schedule is abbreviated for registration purposes. The provisions of this publication are not to be regarded as a contract between the student and Frederick Community College. Changes are effected from time to time in the schedule. FCC reserves the right to cancel courses due to insufficient enrollment. Full refunds will be issued for canceled courses.

Frederick Community College prohibits discrimination against any person on the basis of age, ancestry, citizenship status, color, creed, ethnicity, gender identity and expression, genetic information, marital status, mental or physical disability, national origin, race, religious affiliation, sex, sexual orientation, or veteran status in its activities, admissions, educational programs, and employment. Frederick Community College makes every effort to accommodate individuals with disabilities for College-sponsored events and programs. If you have accommodation needs or questions, please call 301.846.2408. To request a sign language interpreter or if you have questions related to interpreting services, please email Interpreting@frederick.edu or call 301.846.2408. Sign language interpreters will not be automatically provided for College-sponsored events without a request for services. To guarantee accommodations, requests must be made at least five workdays in advance of a scheduled event. If your request pertains to accessible transportation for a College-sponsored trip, please submit your request at least 21 calendar days in advance. Requests made less than 21 calendar days in advance may not be able to be guaranteed.

The College provides support services to students with disabilities. The specific needs of each student are considered on an individual basis. Students with disabilities are encouraged to contact the Disability Access Services (DAS) Office as early as possible after applying for admission. Reasonable accommodations, based on student request and disability documentation submitted, may be approved for classes and placement testing, if applicable. Students in need of sign language interpreting services should contact the Coordinator for Interpreting Services a minimum of two weeks prior to the beginning of classes to ensure services are in place.

TRAVEL CLUB

Free and open to all ILR students

Each session will include either a short presentation by an instructor, a travel enthusiast, or a travel company. We hope to inspire you and introduce you to new travel opportunities. And this is a great way to meet fellow students who also enjoy traveling. Meetings will typically run monthly this fall. Happy travels!

The club will be led by travel loving ILR instructor, Marcy Gouge. The August - December 2023 meetings will be in person.

Please check **FCCILR.org** for the most up to date meeting schedule, topics, and where to meet.

Register today! Scan the QR code or visit FCCILR.org.
