The class does not meet at a scheduled time.

Students will meet all expected deadlines and expectations outlined by the professor.

PEN TO PAPER

Beginning Writer's Workshop (ONL)

Some of the best works of fiction and nonfiction were crafted in a writer's workshop. This online course will help you write your own creative piece. Like a true writing workshop, you will learn literary techniques, peer review a classmate's work, and receive constructive criticism on your work. In addition, you will learn how to move your work from the prewriting stage to editing and final revision. You will also learn how to use literary devices, meaningful dialogue, and imagery in your different drafts. By the end of this online workshop, you will have a thoroughly developed creative writing piece. You might even be ready for publication!
