Academic Assessment and Placement Policy and Procedures

I. Philosophy and Scope

Frederick Community College ("FCC" or the "College") is committed to supporting student success by ensuring appropriate course placement using a series of computer-based assessment tests that measure individuals' reading, writing, and math skills. Minimum placement scores, known as cut scores, are established through statewide agreements. These scores are used to determine college-readiness and placement into specific courses, including developmental, English language acquisition, and college-level courses. Credit courses have prerequisites that include expectations of college-readiness as reflected in the placement scores and/or other pre-established expectations. This policy and procedures outlines placement test requirements, guidelines for placement, and exemptions and exceptions to required placement testing.

Developmental education may include multiple course sequences with students progressing as skills are developed. Students are assigned to developmental courses based on their placement test scores.

A. Individuals in “B Temporary Visitor Status” are not allowed to engage in a course of study, which is not for credit leading to a degree or certificate. In certain cases, B visa holders can participate in courses which are recreational and do not lead to a degree. Out-of-state tuition rates will apply.

B. Students who are in the category of “Deferred Action Childhood Arrivals” (DACA), or “Temporary Protected Status” (TPS) are eligible to establish in-state/in-county residency for tuition purposes. Being eligible for in-county or in-state tuition does not alter your immigration residency status. U.S. residency status is processed, determined and completed by the U.S. government.

C. In-county residency status for eligible “International/Foreign National Students” must meet the same three (3) months requirements and proof of residency documents as all other students.

D. An individual’s immigration status may not preclude award of MD residency under this policy if the individual has the legal capacity to establish domicile in Maryland.

VII. Maryland Dream Act

A. Students who have met the eligibility requirements outlined in the Maryland Dream Act will be granted the opportunity to receive in-county tuition. The student must present an affidavit to Registration and Records within the Enrollment Center located on the first floor of Jefferson Hall stating that they will file an application to become a permanent resident within 30 days of becoming eligible to do so.
B. Students who live in Frederick County or in Maryland and qualify for in-county or in-state tuition, as outlined by the Maryland Dream Act, will remain undocumented immigrants. U.S. residency status is processed, determined and completed by the U.S. government.

VIII. Reclassification of Residency for Tuition Purposes

A. Students requesting a reduced tuition rate based on a change of address must submit proof of actual address change as defined in Section VIII by completing the online "Change of Address" form. The proof of residency and "Change of Address" form can also be submitted in print by one of the following ways:
1. In-person to Registration and Records within the Enrollment Center located in Jefferson Hall,
2. Through assigned "myFCC" email account by emailing registration@frederick.edu
3. By fax (301.624.2799), or

2. Through assigned "myFCC" email account by emailing registration@frederick.edu
3. By fax (301.624.2799), or
4. Via U.S. postal mail to Registration and Records.

C. Request for change in residency classification for tuition purposes must be submitted prior to the "last day to add" for the first session for which the student is enrolled in order to be changed for that session. Residency determination for tuition purposes is term specific and not retroactive. A student who moves to a different residence during a semester and provides proof after the "last day to add" will have their residency adjusted for the following semester.

D. If there has been a change of address that affects residency, tuition will be adjusted for the following semester as follows:
1. A student moving to a higher tuition rate based on their residency will have their residency determination for tuition purposes automatically changed to reflect their new residency status.
2. A student moving to a lower tuition rate based on their residency will bear the burden of proof of the new residency status.

IX. Proof of Residency

In accordance with Maryland State and Federal Law, any of the following factors will be considered to be proof of legal residency:

(Military orders, letter from Education Officer, DD214 and any of the residency factors listed above).

X. Appeals and Exceptions to Residency Classification for Tuition Purposes

Students who intend to appeal their residency classification may do so by appealing in writing, to the College Registrar. Appeals must be accompanied by appropriate evidence of your actual residence. Your appeal must be received before the end of the third week of classes in the fall and spring semesters, and the first week of summer and winter terms. Family Educational Rights & Privacy Act of 1974 (FERPA)

FERPA, commonly known as the Buckley Amendment, was issued by the Department of Health, Education and Welfare in the 1976 Federal Register. The regulations were transferred to the Department of Education when it was established and codified in Part 99 of Title 34 of the Code of Federal Regulations.

The purpose of FERPA is to afford certain rights to students concerning their educational records. FERPA applies to all schools that receive funding under most programs administered by the Secretary of Education. Most postsecondary institutions, both public and private, generally receive such funding and must, therefore, comply with FERPA.

FERPA applies to all education records maintained by a postsecondary institution, or by any party acting for the institution, which are directly related to the student. These include, but are not limited to, assessment test scores, academic standing, rosters, class schedule, or any information that would make the student's identification easily traceable. FCC may release directory information, which includes student's name, dates of attendance, and enrollment status—see the FCC catalog for a complete list.

Students wishing to restrict directory information or grant additional access must contact Registration and Records (in writing) with their request. There is no expiration date for these access exceptions. Contact Registration and Records for additional information.

The Consent to Release Student Educational Records is an electronic form available online at www.frederick.edu/admissions/registration-forms.aspx.

ONLINE, STRUCTURED REMOTE, AND HYBRID COURSES

Please read the following requirements before registering for an online, structured remote, or hybrid course.

Frederick Community College offers three types of courses over the Internet: online, structured remote, and hybrid remote courses. Hybrid courses require the student to attend some class sessions on campus; online and structured remote courses do not. Online courses may require a proctored assessment.

Online, structured remote, web enhanced, and hybrid courses are taught on Blackboard™ and require that students:

- Have Internet access through broadband connection or Wi-Fi (wireless)
- Have access to a Windows, Mac, or Linux computer
- Have Windows 7 or higher, Mac OS X, or Linux with Ubuntu 14 or higher
- Have Internet or Google Chrome, plus a webcam and microphone
- Establish a myFCC e-mail account;
- Have basic computer skills in word processing, e-mail procedures, web-browsing, and handling features such as pop-up blockers;
- Are responsible for maintaining appropriate security and virus protection when using the student’s own personal computer(s).

Students should expect to spend as much time on an Internet course as they would on a traditional on-campus course. Students should be self-motivated to handle the independent nature of learning that occurs in online courses.

Access to Blackboard: http://frederick.blackboard.com
User name Wxxxxxxx (where xxxxxxx is the seven digit student ID number); Password is the same as the PeopleSoft and e-mail password.

Blackboard Course Requirements
All course sections require access to Blackboard at frederick.blackboard.com. Students are expected to be able to access Blackboard via the internet using personal, public, or appropriate college-available computers. Blackboard access is also required to complete course evaluations.

Textbooks
Purchase course materials from the FCC Bookstore in person or online at bookstore.frederick.edu. Use your FCC student ID number to find the right materials. Different course sections may require different materials. Some instructors may require additional purchases that the Bookstore does not offer.

Email Advising: emailadvising@frederick.edu
Email Advising is available to all current FCC students using their http://myFCC.frederick.edu email accounts. Please provide your full name and Student ID number. Typical response time is 24-48 hours depending on the information requested.

DEFINITIONS OF LEARNING FORMATS

- **In-Person**
The course will meet on campus in an in-person environment. Students are expected to attend all class sessions in person.

- **Online Courses (ONL)**
The course is conducted entirely online. There are no required real-time virtual sessions. Online courses are not self-paced, and students should be prepared to meet the deadlines as listed in the syllabus and the course.

- **Structured Remote Courses (SR)**
The course is conducted entirely online. The class will have real-time virtual sessions that meet at the scheduled class times a minimum of once per week. Scheduled real-time virtual session dates will be designated on the syllabus. Students are expected to attend real-time virtual sessions; however, these sessions will be recorded and made available for students unable to attend. The student will be unable to enroll in multiple courses with overlapping meeting times. Students should be prepared to meet the deadlines as listed in the syllabus and the course.

When signing up for a mixture of structured remote and hybrid classes, be sure to leave sufficient time between classes to move between campus and an appropriate workspace for your structured remote session. It is generally not advised to schedule structured remote and on campus (in person or hybrid) classes back-to-back.

- **Hybrid Courses (HYB)**
The course is primarily conducted online and there will be periodic on-campus requirements during the scheduled class times. All on-campus requirements follow current FCC physical distancing protocols. The class may also have real-time virtual sessions that meet at the scheduled class times. Scheduled face to face and real-time virtual session meeting dates will be designated on the syllabus. Students are expected to attend real-time virtual sessions; however, these sessions will be recorded and made available for students unable to attend. The student will be unable to enroll in multiple courses with overlapping meeting times. Students should be prepared to meet the deadlines as listed in the syllabus and the course.

When signing up for a mixture of structured remote and hybrid classes, be sure to leave sufficient time between classes to move between campus and an appropriate workspace for your structured remote session. It is generally not advised to schedule structured remote and on campus (in person or hybrid) classes back-to-back.
