Use of Facilities Policy and Procedures

I. Philosophy and Scope

The primary use of Frederick Community College (“FCC” or the “College”) facilities is in support of College instruction. The procedures outlined below are designed to ensure proper scheduling of credit and continuing education course offerings and to reduce conflicts with scheduling of internal College and community group events.

Members of the College faculty, staff, and student body may request non-instructional use of College facilities for College activities/business when they are not in use for College instruction.

The Capital Planning and Project Management Office is charged with managing the most efficient use of College space and maintains the schedule of College space utilization. This Policy and Procedures provides guidelines for use of all College space and the scheduling of all College events, both for internal and external requestors/users.

Scheduling of College facilities will follow the priority order as listed below:

- Credit and Continuing Education Course Offerings
- Internal College Meetings and Events
- College Co-Sponsored Events
- Public/Community Use

The President of the College is authorized to establish administrative procedures and regulations related to the use of College facilities by the public/community. Actual costs of operation must be covered by public/community users. Fees as established by the Board of Trustees shall be charged for use of College facilities by public/community groups. Non-profit organizations may be eligible for discounted rates.

Annual leases of College facilities may be considered and are subject to review and approval by the Senior Leadership Team.

V. Procedures

The use of College facilities will be prioritized in the following manner:

A. Use for Credit and Continuing Education Course Offerings

In each academic term, credit and continuing education courses will be given first priority in scheduling. The specific facility spaces having a HEGIS Code of 210 may be preassigned by the Space Scheduling Analyst. Other room assignments will be made based on available room features, course requirements, and room capacity, as approved by the Space Scheduling Analyst. Additional pre-assignments may be considered to accommodate the needs of specific instructors or courses, and these must be approved by the Space Scheduling Analyst.

The Academic Affairs, Continuing Education, and Workforce Development (ACEWD) team will submit their course schedules to the Space Scheduling Analyst according to a published schedule each semester. Room assignments for courses will be determined by the 25Live optimizer software. A draft schedule of room assignments will be provided to the ACEWD team for review.

The Provost/Executive Vice President (EVP) for ACEWD or their designee(s) will have the opportunity to submit requests for consideration of relocation of room

assignments in the draft schedule to the Space Scheduling Analyst. If possible, these requests will be accommodated.

The Space Scheduling Analyst will submit a final credit and continuing education schedule of room assignments to the Provost/EVP for AACEWD or their designee(s).

For courses added outside of the published schedule for a typical semester, the AACEWD team will submit their schedules to the Space Scheduling Analyst for room assignments as classes are added. Timelines for these additions will be established on an individual basis. The Space Scheduling Analyst will submit the final room assignments to the AACEWD team.
